10.2. OneChronos Indemnity.

OCX UK and OCX EU will defend, severally but not jointly, at its expense, any action brought against Subscriber to the extent that it is based on a third party claim that the use of the applicable OCX MTF in accordance with this Subscriber Agreement infringes any copyright, trademark, or patent that has been issued as of the Effective Date and indemnify Subscriber, subject to the limitations of Section 9, from any Losses incurred by Subscriber from such action.

The indemnified Party may participate (at its sole cost and own expense) in the defence of such claim through counsel of its own choosing.
